Semantic Web

Theories and Prototypes

Objectives and schedule

Expected outcome: identify a research direction

- What are needed? - identify 2-3 real world use-cases
- How can we help? - identify 2-3 key research challenges
- Prepare slides (up to 5 pages)

Schedule this afternoon

- 3:05-3:15 form interest groups, and select a representative for each group
- 3:15-4:20 breakout discussion
- 4:30-5:30 panel discussion
- 5:45-7:30 plenary session (co-located with registration site)
